A Special Spark News Report

The first Open House Events for Spark Academy was an overwhelming success.

Potential Spark parents and students arrived on the Manchester Community College campus prepared and engaged. Their vibrant support encouraged the whole Spark Team.

Denis Mailloux, Executive Director of Spark Academy evoked the vision of the school through his extensive and motivating narrative.

“Denis did a wonderful job informing the parents about our school. His sense of humor and slide show were a hit,” expressly noted one attendee.

She also added that the Spark Team showed “passion and enthusiasm that carried across the room!”

As Dan led the tour of the MCC labs and classroom spaces, future Spark students anticipated creating projects and problem-solving as active learners.

The Spark Team expects this initial response to progress until school begins this September.

Important Updates:
