DEAR PARENTS & FRIENDS,

Our new year has begun together! It seems that our new students and teachers made the transition to Spark well! The first week of a new school year is always a matter of adjustment for all of us, but we seem to be doing that pretty well. We have only a few points of information to share with you in this newsletter along with photos of our orientation activities.

THANKS TO OUR THIRD YEAR STUDENTS...

It was great to be able to work side-by-side with the Newton and Wright Cohorts to plan and run orientation for the da Vinci cohort and our first

year students, now known to us as the Tesla and Hooke cohorts. All cohort names are given in the names of people who have brought us great advancements throughout history and in all fields.

THANKS TO OUR PARENTS...

It's difficult to be patient during the first week of school, especially if the school is new to your student. Busing arrangements are still being

refined with the Manchester School District, and you have all been very patient. We thank you for your patience with this process.

HOLIDAY REMINDER...

Monday, Labor Day, is a much-appreciated holiday for all schools.

PHOTOS...

Our photos this week are from orientation. We hope you enjoy seeing them!

Enjoy your Labor Day Weekend!

Sincerely,

Denis Mailloux

Director
